09th July 2024

To

Shri. G Sparjan Kumar, IPS,
Commissioner of Police
Trivandrum City.

Sub: Proposal to Implement Parking Fees on All Permitted Stretches of Public Roads in Trivandrum City-reg.

Dear Sir,

We have observed the positive impact of the current Parking Fee System implemented on certain stretches of Public roads, such as the Statue-Pulimoodu-Ayurveda areas. This system has notably increased the availability of parking slots, reducing congestion and promoting better utilization of public spaces.

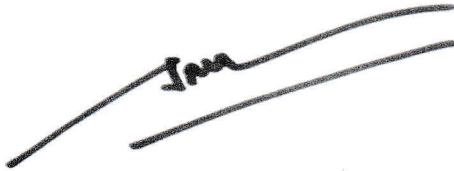

In light of this success, we propose extending the Parking Fee system to all stretches of Public Roads within Trivandrum City where parking is permitted. By uniformly applying parking fees across all these areas, we believe it will further enhance parking management and availability. This initiative could:-

- 1. Increase Parking Availability:** Encourage better turnover of parked vehicles, ensuring more frequent availability of parking space for the Public.
- 2. Reduce Traffic Congestion:** Discourage long-term parking on busy streets, thus aiding in smoother traffic flow.
- 3. Generate Additional Revenue:** Provide the Corporation with additional funds which can be reinvested into the City's infrastructure and public services.

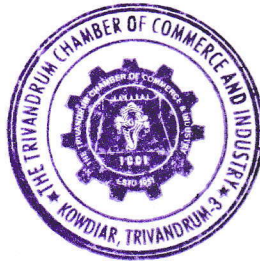

We request your esteemed office to kindly consider this proposal and take necessary steps to implement a City-wide Parking Fee system. This initiative will significantly benefit the residents and visitors of Trivandrum, contributing to a more organized and efficient urban environment.

Thanking you,

Yours faithfully,
For TCCI
