TCCI

President's Message

Dear Members,

At the outset, let me express my profound gratitude for your whole hearted support during the last two years of my tenure as President of TCCI.

I passionately remember and appreciate the contributions of my predecessors. TCCI over the years not only has evolved as the voice of the trade, commerce and industry of Trivandrum but also has kindled the hopes and the aspirations of the citizens of Southern Kerala.

In spite of the fact that Trivandrum is the Capital Region of the State, none of the governments that succeeded the reign of the Travancore Royalty have done anything significant for the growth of this region. We can only be nostalgic about the contributions of the then Dewan of Travancore Sir CP Ramaswamy Iyer in clinically implementing the development vision of the then Maharajah of Travancore, Sri Chitra Thirunal Bala Rama Varma and Col Goda Varma Raja with a lot of improvisation. Subsequent to that period, there were no major developments that worth mention, except for a brief period of the then CM Shri. C Achutha Menon.

When the other cities of Kerala have grown leaps and bounds as far as infrastructure is concerned and in overall development under the patronage of various political Godfathers, development of Trivandrum has fallen far behind due to the absence of a committed leader. The irony is that the Capital Region is used by all political parties and leaders to pursue their developmental agenda of their region and constituencies leaving behind our Capital Region to fend for itself.

It is against this backdrop that we have tried our best to bring together various trade bodies, organizations and citizens associations under a common platform to lobby/ fight for the Trivandrum Capital Region (TCR).

We began the year 2019 by forming an Apex Body in the name of "AWAKE TRIVANDRUM" under the auspices of TCCI.

AWAKE TRIVANDRUM has already taken up the development of the Trivandrum International Airport as a pivotal issue and a campaign is in progress to support the Central Govt's decision to privatise Trivandrum airport. We have also decided to monitor our elected representatives' contribution to the development of the Capital Region. To start with, both the newly elected MPs of Tvm will be in our watch list.

United we stand; divided, we perish, it's high time we fight for a noble cause of the orphaned citizens, called "Trivandrum".

This is only a beginning and we know that we have miles and miles to go before we bring justice to the Capital Region. Time has come for all of us to consider jointly putting up candidates, similar to the “Twenty Twenty” initiative by the KITEX/ANNA Group in Kizhakkambalam to fight for our cause. We should seriously introspect and act as a 'catalyst' for development to form a Kerala Development Front to take Kerala forward without caste, creed and religion, with Singapore as the role model where development will only be our agenda.

Let us all join hands to keep this torch of Capital Region Development glowing and glowing.

Warm regards,

S.N. Raghuchandran Nair

President TCC&I

THE TRIVANDRUM CHAMBER OF COMMERCE AND INDUSTRY

009/TCCI:AGM/2019

4th June, 2019

NOTICE OF THE 67th ANNUAL GENERAL BODY MEETING

Notice is hereby given that 67th Annual General Body Meeting of The Trivandrum Chamber of Commerce and Industry will be held on Friday 28th June 2019 at 7.30 pm at the Chamber Hall, Chamber Building, Jawahar Nagar, Kowdiar, Trivandrum.

TRIVANDRUM THE NEXT BIG TECH HUB

Executive Summary

- Metropolitan Agglomeration of 2.5 Million people
- Largest technology hub among Tier II cities of India - \$2 Bn of IT exports and growing rapidly
- Top Educational and R&D hub with a Large Technology Talent Pool
- Well Developed Technology Ecosystem
- Proven Public Policy Innovation Track Record
- Supportive State Government
- Robust Business Infrastructure
- High Liveability Quotient
- Governmental Support
- The Information Technology department is directly overseen by the Chief Minister – the top Executive of the State
- Kerala has a very supportive Information Technology Policy and was the first State to establish a technology business park, in 1989
- Policy is revised annually based on industry input
- Special Economic Zone (SEZ) status grants concessionary tax and preferential policy status to employers
- Government has prioritized the further development of key infrastructure facilities including a metro system, commuter rail stations, roads, power and water supply and the expansion of the International Airport to support ongoing development of the technology industry, with an investment of over \$2 Bn
- A Public Private Partnership, 5 Million Sq.ft., “Smart District” development being built by a joint venture between India’s largest office developer, Embassy Group, and a US-based global developer will provide best-in-class
 - office space and support infrastructure
 - State will invest and develop jointly with Nissan to ensure a talent pool pipeline of adequate size and diversity
 - Joint development of curriculum for key skill sets relevant to Nissan
 - Tailored programs for campus connect, intern availability & recruitment for training a pool of world class technologists.
 - Government will invest fully in the program and ensure support of the Kerala Technological University
 - State will formulate a Future of Mobility policy in association with Nissan as the industry partner; a Renewal Energy is already in place
 - Government will facilitate industry-institute linkages with premier R&D centers such ISRO (space/material sciences) and IISER (material sciences)

Large City Scale

- State Capital
- 2 Million people in the urban core
- 2.5 Million people in the Agglomeration
- Population of over 10 Million people in the extended catchment (within a 2 hour drive)
- Economies of Scale in terms of talent availability, support workforce and housing availability
- Top-ranked “Smart” City; receives Federal and State funding for urban development

Major Technology Hub

- \$2 Bn of IT exports in 2017-18; CAGR of over 20% in the last 5 years when the overall tech industry expanded at ~10%
- Over 350 firms in diversified segments of the technology/BPM industry

- Diversity of firm types – start-ups to Fortune 100/500
- Serving all key markets – Asia, North America, Europe and the Middle East
- 65,000 technology professionals in the city; expected to reach 100,000 by 2020.

- Primary research in multiple disciplines
- Established, at-scale educational system:
 - Over 60 engineering schools within a three-hour drive; over 27,000 students/year
 - Over 100 non-engineering schools within the same catchment

Top Knowledge Hub

- Leading R&D hub in India with over a dozen national level institutes:
- India's primary space technology R&D and production center
- Cutting-edge computing and information technology
- Material sciences including nanotechnology
- Biotechnology and Life sciences, including medical devices

Comparison with Other Tier 2 cities

City	Trivandrum	Coimbatore	Visakhapatnam	Kochi	Bhubaneswar
IT Export Quantum					
Stock of IT Office Space					
Rentals					
Overall Costs					
Annual Employee Attrition Rate					
Location advantages/enablers					
Manpower (Enrollments & Colleges)					
Overall Potential					

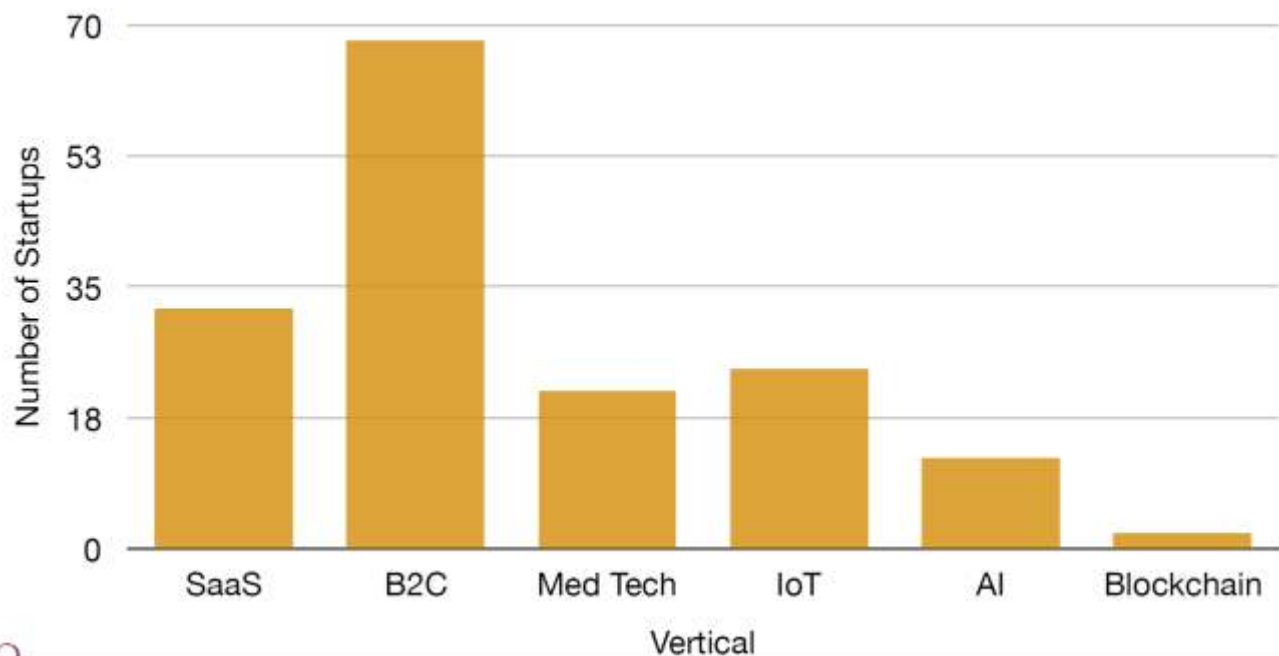

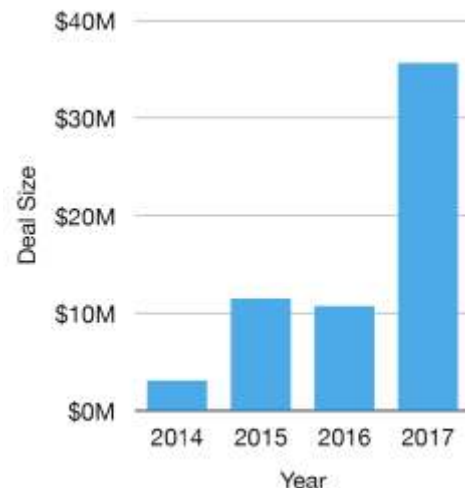

Score of 1 to 8 indicates level of importance with 1 being the least & 8 being the highest

Source: CBRE, 2016

Well Developed Tech Ecosystem

- One of the earliest start-up ecosystems in India; one of India's first incubators – started in the early 2000s
- 250+ start-ups active
- Major verticals include: IoT, SaaS, Robotics, AI, Enterprise Applications, FinTech, Bio Tech and Med Tech
- Rapidly growing funding from investors including Blackstone, Carlyle, Accel, Schroeder Capital Partners etc

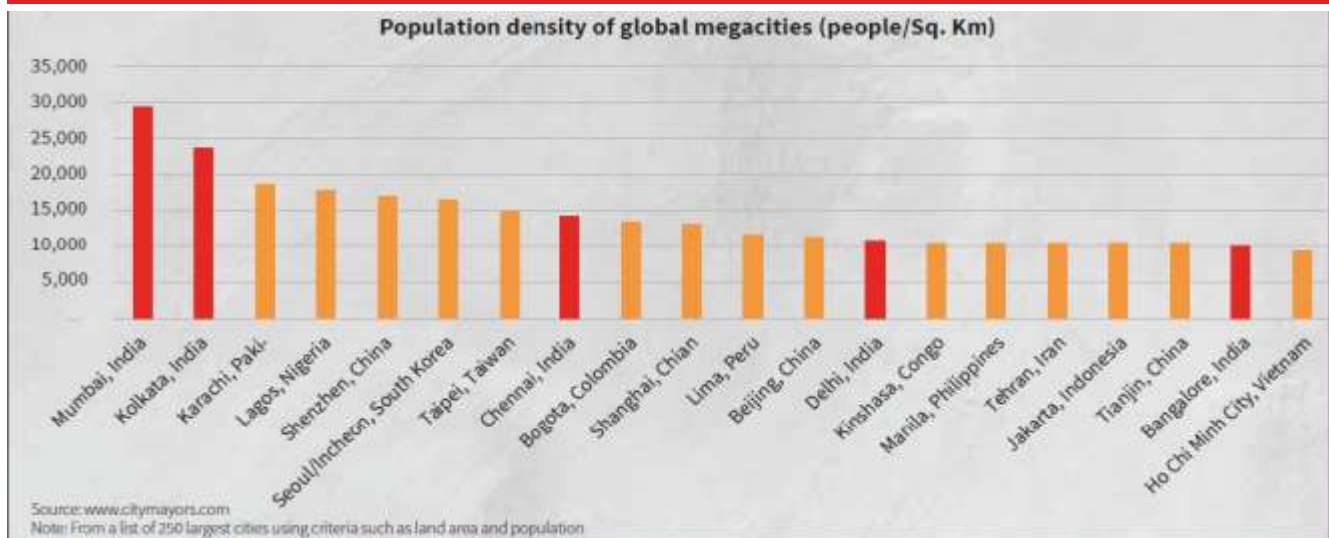

Well Developed Tech Ecosystem

- 8 active Incubators and Accelerators, with academic and industry linkages
- Over 100 startups are active in these facilities
- 6 Operational Co-working spaces, with up to 500 seats by the end of 2018
- WeWork facility expected to be operational by end-2019/early 2020
- MIT Fab Lab operational in Technopark
- MIT-linked tech accelerator expected to be operational by 2019.
- Significant local success stories, attesting to the viability of the ecosystem:
 - UST Global: IT service major with 17,000 employees and counting Walmart, H&R Block and Intel as key customers
 - Suntech: Fintech major with 800+ employees and Visa, AT&T, HSBC and Commerzbank as customers
 - IBS: Travel & Logistics firm with 3,000+ employees and key clients including Lufthansa, British Airways, Qatar Airways,

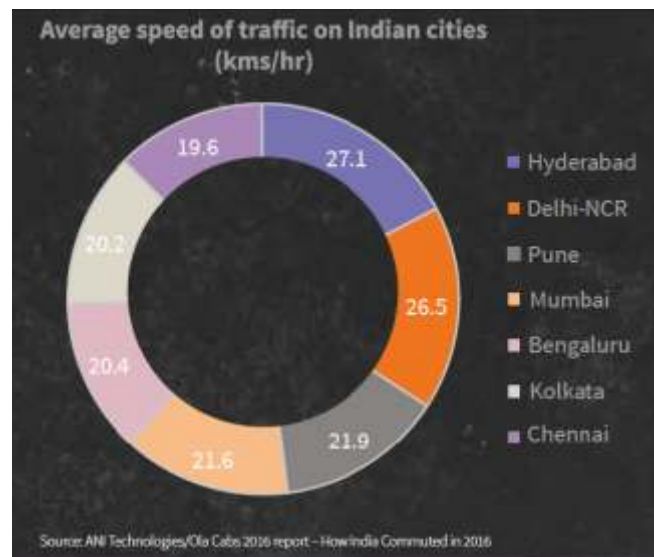

Singapore Airways and Cathay Pacific.

- Overall PE/VC investments of \$400 Mn
- Proven Business Infrastructure
- Over 8 Million Sq.ft. of Class A office space already operational in Trivandrum
- Smart District with 2.5 Million Sq.ft. of Class A, LEED Platinum office, together with 1.5 Million Sq.ft of support infrastructure in development
- Tech clusters are lined by high-speed, 4-lane highway
- Metro connectivity is in development
- Trivandrum is the second busiest rail hub in South India with great connectivity to all major Tier 1 and Tier 2 Indian cities (multiple trains each day to Bangalore, Chennai, Mumbai and Delhi)
- India's 8th biggest international Airport with quick connectivity to all major Indian cities and to major global hubs
- Congestion free road network, built ahead of time, and a recipient of numerous international awards for its innovative execution

Liveability of Tier 1 cities has declined

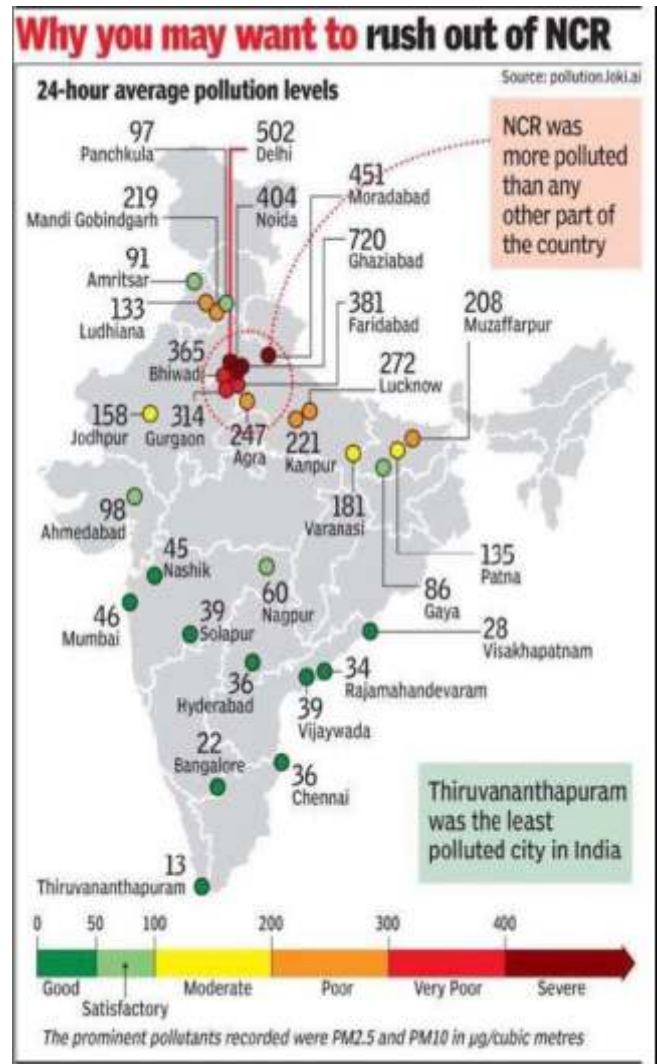

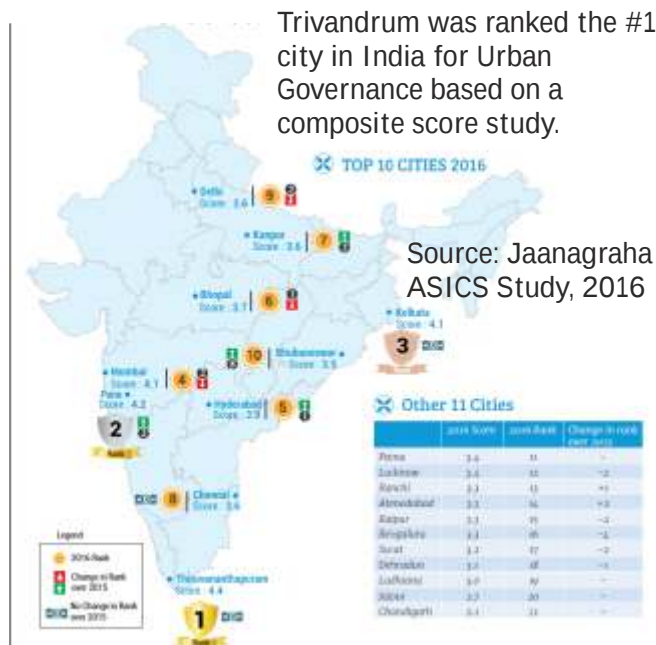

- Tier 1 Indian cities are amongst the densest in the world and have relatively low infrastructure per capita
- Resulting in high levels of pollution and poor quality of life
- Significant traffic congestion in all major cities results in loss of productivity, vehicular pollution and low levels of road safety
- This results in indirect costs to employers and impacts levels of employee engagement
- Costs of living have significantly increased in Tier 1 cities due to scarcity of resources such as housing and inadequate supply of raw materials and labor

Great Liveability Quotient

- Trivandrum has significantly lower costs of living for employees and lower total cost of operations for employers, than a Bangalore or Chennai
- Quality of life - lower congestion, minimal pollution, better safety and infrastructure - ensure higher employee engagement and thereby, lower levels of attrition

Great Liveability Quotient

- Excellent quality of life with good public parks, international sporting facilities like Sports Hub and prestigious clubs like Golf club and Tennis clubs with history running into 150 years.
- Some of the largest shopping malls in the country are coming up as well as existing malls and multiplexes serving all of south Kerala and South Tamil Nadu

Connected to the World

- Direct connectivity, with multiple daily flights to Bangalore, Delhi, Mumbai and other key cities
- Direct connectivity to Dubai, Doha, Singapore

and Abu Dhabi

- Seamless connectivity via these hubs, typically a single, short transit, to every major global city

Major R&D Institutes in Trivandrum

Major Tourist attractions

- The city evolved around world's richest worship place Shri Padmanabha Swamy temple, now famous for its treasures worth Billions of US Dollars.
- World renowned beaches like Kovalam are within city limits or suburbs.
- Just one hour drive to hill stations
- Serene Backwaters in city limits and suburbs.
- Major tourist destinations in South Tamilnadu like Kanyakumari are just couple of hours drive.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMEBERS OF THE CHAMBER OF COMMERCE,
THIRUVANANTHAPURAM

Report on the Financial Statements

We have audited the accompanying financial statements of **THE CHAMBER OF COMMERCE, THIRUVANANTHAPURAM** which comprise the Balance Sheet as at March 31, 2019, and the Income and Expenditure Account for the year then ended on that date.

Management's Responsibility for the Financial Statements

The management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the institution and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the

Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Institution's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institution's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

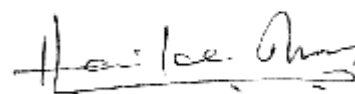

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) in the case of the balance sheet, of the state of affairs of the Company as at 31 March 2019; and
- (ii) in the case of the Income and Expenditure Account, of the Income over Expenditure for the year ended on that date; and
